VETERANS IN LINE.

Allied Organizations Paraded in Honor of the Grand Army of the Republic.

THE REGULAR ARMY REPRESENTED

The Naval Reserves, Spanish War Veterans and the National Guard of California Took Part.

Gen. Miles and Shafter Were Greeted With Cheers Along the Line Which Included San Francisco's Chief Thoroughfares.

San Francisco, Aug. 19.—Seldom has a finer parade been witnessed in San Francisco than that which Tuesday did honor to the Grand Army of the Republic. The veterans were not in line, their procession being scheduled for Wednesday, but many allied organizations participated, chief among these being the naval reserves, the veterans of the Spanish-American war and the national guard of California. The regular army was well represented. The Order of Red Men, which was largely represented, added a picturesque feature to the display. The German societies of the city, including amateur athletes, and children from the various turner schools, made a splendid showing, as also did the league of Cross cadets. Gen. Miles and Shafter were greeted with cheers along the line of march, which included the city's chief thoroughfares.

Tuesday night Mechanics' Pavilion was crowded to the doors by grand army men, their wives and friends, the occasion being an informal reception to Gen. Stewart, commander-in-chief. The city was again illuminated Tuesday night.

The reception to Commander Thos. F. Stewart at the Mechanics' Pavilion Tuesday night was attended by several thousand people. It was participated in by the Women's Relief Corps, the Ladies of the Grand Army and kindred organizations. Gen. Geo. Stone, chairman of the executive committee, made a few remarks and introduced Maj. Gen. W. R. Shafter, commander of the department of California and Nevada, who welcomed the veterans to the Pacific coast. Mayor Schmitz greeted the old soldiers on behalf of the city. In response Commander-in-Chief Stewart delivered an address expressing his gratification and that of his comrades at the heartiness of their comrades in San Francisco.

THE CANAL TREATY.

Basis for Resumption of Negotiations to Be Furnished.

Colon, Aug. 19.—The statement made in a dispatch from Foreign Minister Roco to Senor Herran, the Colombian minister at Washington, announcing the rejection of the canal treaty, and which was published here Tuesday, to the effect that the Colombian congress may probably furnish a basis for a resumption of negotiations with the United States government, has caused a more hopeful feeling in some quarters with regard to the ultimate fate of the treaty. The whole isthmus is anxiously awaiting the future action of the United States.

FIRE AT THE MILITIA.

Considerable Excitement Was Caused at Danville, Ill.

Danville, Ill., Aug. 19.—Considerable excitement was caused here late Tuesday when one of three unknown men fired three shots at Guards Fifer and Perkins, members of one of the two militia companies that have been on duty in Danville since the recent riots in this city. NOAKS ON THE STAND.

He Gave His Testimony in the Caleb Powers Trial.

Georgetown, Ky., Aug. 19.—The direct and cross-examination of Caleb Powers, on the stand in his own defense, was concluded Tuesday afternoon and the defense had an inning with Robert Noaks, the commonwealth witness. He was confronted with a statement made by him at Danville, Ill., on December 9, 1900, to Max Lewis, of Louisville, and Attorney W. B. Jewell, of that place. In that statement Noaks charged Attorney Campbell with trying to secure him to swear falsely to secure the conviction of Jim Howard and of Finley and Powers, and told him of buying witnesses. He made the statement, but said that after making it he told Lewis and Jewell that it was a fact, that he refused to swear to it or ever to sign it. He explained his peculiar conduct by saying that at the time he made the statement he was willing to help Caleb Powers out of his trouble for he (Noaks) was preparing to go to Brazil to stay for good. The defense produced and had Noaks' identify letters which he had written to Powers soliciting him to send some one to Danville, Ill., to get the statement referred to above.

McKenzie Todd, of Frankfort, private secretary to Gov. Taylor, also testified Tuesday. He told of seeing Youtsey about the executive department and the private office of Caleb Powers a few days before the shooting, armed with a gun and looking at the windows. Youtsey admitted this while on the stand.

YOUNG WHITE GIRL

She Was Kidnapped by a Band of Negroes and Held on an Island.

AN ATTEMPT MADE TO RESCUE HER

The Colored Men Are Well Armed and One of the Rescuing Party Was Killed.

During the Fight the Captive Escaped—Another Posse Will Attempt to Arrest the Desperadoes, and a Battle Is Expected.

Fort Smith, Ark., Aug. 19.—Kidnaping of a young white girl and the killing of one of a posse that tried to rescue her are the crimes charged against a party of eight Negroes fortified on Bruce's island, 16 miles west of this city. It is feared their capture will lead to a bloody encounter. The Negroes are said to be well armed. A few days ago two farmers, living near Wilson's Rock, landed on Bruce's island in search of plums and accidentally ran into a camp in which there were two Negro men and a white girl, about 12 years old. They made some inquiries about the girl and the Negroes said she was the daughter of a white man, who was traveling with them and who had gone to Fort Smith for provisions. The Negroes would not let the girl take part in the conversation and this aroused suspicion. A watch was kept on the Negroes for two days, but no white man appeared.

Monday afternoon a party of farmers decided to investigate the case and as they neared the island were fired on by the Negroes and one of the party, Roland by name, was killed. A sharp fight was kept up for some time during which the girl escaped from the Negroes and ran to the white men. She was so excited that she could not give any intelligent account of herself. She said, however, that her father was not traveling with the Negroes, but that she had been stolen from her home near Fort Gibson, I. T. She has been taken to Muldrew.

Roland, the dead man, was a comparative stranger at Wilson's Rock. Bruce's island is in the center of the Arkansas river, contains about 25 acres and is densely covered with timber and thick underbrush.

Poses of citizens left Tuesday for the scene of the trouble from Fort Smith, Spiro, Muldrew and Fort Gibson. There is much excitement around the island. One or two of the Negroes are known to be desperate characters.

RIOTING IN CROATIA.

Several Rioters Killed and Wounded By Gendarme.

Vienna, Aug. 19.—A fresh outbreak of rioting has occurred in Croatia. At Zepresle upon the occasion of the celebration of the birthday of emperor Francis Joseph Tuesday, a thousand peasants gathered in the town and destroyed a Hungarian banner. The rioters were resisted by the gendarmes, who shot three men and wounded many others. At Komesina the peasants pillaged stores and stoned the military, who killed two persons and wounded a number of rioters.

KILLED IN HIS CELL.

A Convict Shot to Death By the Night Turnkey.

Rawlins, Wyo., Aug. 19.—James Williams, a convict, was shot to death in his cell in the state penitentiary Tuesday by Ernest Goodsell, night turnkey. Reaching through the bars, Williams seized Goodsell and wrenched his keys from his hand. After a struggle Goodsell succeeded in drawing his revolver and shot the convict in the head. Williams, who was serving a sentence for grand larceny, escaped from the prison June 5 last but was recaptured.

MOSLEMS KILLED.

It is Reported 800 Were Murdered by the Insurgents in the Monastir District.

TURKS REPULSED IN A BATTLE.

Three Battalions Lost 210 Men in a Fierce Fight of Six Hours With 1,000 Insurgents.

Bulgarians Have Practically Mobilized An Army of 70,000—Communication Between Monastir and Salonica Cut Off.

Constantinople, Aug. 19.—A dispatch received at one of the embassies states that 800 Moslems have been murdered in the Monastir district by insurgents. Word was also received Tuesday that two Bulgarian villages had been totally destroyed by Turkish troops.

Twenty-four battalions of Redifs have been called out in Anatolia. The troops now here, however, are unable to make distinct headway, as the orders given them from different sources are conflicting, and they are at a loss to know which to obey.

Sofia, Bulgaria, Aug. 19.—A fierce battle is reported to have occurred in the neighborhood of Monastir. Three Turkish battalions attacked a thousand insurgents and after the fight had raged for six hours the Turks were repulsed with the loss of 210 men killed or wounded. The insurgent loss is not given.

Rome, Aug. 19.—Private advices from the Balkan peninsula received here state that Bulgaria has practically mobilized an army, as the troops under arms in the principality now amount to more than 70,000, which is double what is considered as the peace effective. The Bulgarian government, however, is unwilling to venture for the time being on any hostile movement against Turkey, as it does not wish to lose the support of Russia. It hopes, however, that public opinion in Russia will force the government to help Bulgaria against Turkey and the dispatch of a Russian squadron to Turkish waters encourages the Bulgarians in this view.

Sofia, Bulgaria, Aug. 19.—The Evening Post states that a band of Bashl Bazuks have crossed the Bulgarian frontier in the district of Teledere, killed three frontier guards with Yatagans and wounded two others. They also set fire to several houses. This raid has created great excitement in the district.

The news is not confirmed officially. The revolutionary organ, Autonomie, says the insurgents, after two unsuccessful attempts, have succeeded in destroying with dynamite the bridge at Exschosso, thereby absolutely stopping communication between Salonica and Monastir.

According to a report from Uskub, Michaeloviski, the Bulgarian leader, was killed in the fighting at Krushevo, while Boris Sarafoff, the noted insurgent chief, has been surrounded at Prass balkan, in the southern part of Monastir vilayet.

The night train service between Salonica and the Servian frontier has been suspended.

Forty-three battalions of Turkish reserves in Europe have been called out.

THE TURKS IN DESPAIR.

War With Bulgaria Is Believed to Be Imminent.

London, Aug. 19.—A Constantinople dispatch to the Daily Chronicle dated August 14 describes the Turkish officials as in despair at the rising in Macedonia. The railways were busy all the night conveying troops and stores to the disaffected area.

War with Bulgaria was believed to be imminent and the military men were impatiently awaiting the opening of hostilities to end the suspense which was taxing the patience and discipline of the troops to the utmost.

TWO MASSACRES.

Town Burned and All Its Inhabitants Murdered.

Vienna, Aug. 19.—The Constantinople correspondent of Die Zeit Tuesday reports two massacres by Turkish troops. He says: "Turkish troops, after capturing Krushevo, burned down all the buildings and massacred all the inhabitants."

"Another force of troops, enraged at the death of their comrades in derelict trains, massacred the railway officials at Ferrisowitch and Kuprili, and many of the peasants of the neighboring villages."

Sturgis, Ky., Aug. 19.—Dr. W. A. Jones, aged 70, a prominent physician of Union county, died Tuesday. He was widely known throughout Western Kentucky and Indiana.

WEDNESDAY, AUGUST 19 1903

When the jury was being summoned to try Caleb Powers at Georgetown a few days ago, his attorneys requested the court to have the Sheriff summon representatives of both political parties. In passing on this request Judge Robbins administered a rebuke that Powers and his attorneys richly merited. He said: "I regret that there is any political tinge in this case. I shall order the Sheriff and his deputies to summon intelligent, sober, discreet men, qualified under the law to do jury service. The law wisely makes no provision for inquiry as to the political affiliation of the men called on to do jury service. The case at bar is one in which a man is to be tried for complicity in the assassination of a fellow man, and there can be no politics in it. I think twelve men, of whatever political party, qualified under the laws, could try it, and I will not give to the Sheriff any such instruction as that asked for."

The State Forestry Department of New York is making a special effort to induce the planting of trees along country roads and in villages. It urges that these are desirable both for their products and for shade to the road. The importance of such work can not be over-estimated. The country is fast being denuded of all forest trees, and the land owner who fails to plant trees every year is not meeting his obligation to the coming generations.

THE TEACHERS.

Interesting and Instructive Addresses on Various Topics at Tuesday's Session of the Institute.

The work of the institute Tuesday, was, if possible, of even greater interest than that of the preceding day.

The instructors alternately lecture a half hour, each discussing a different subject, so that the teacher is both entertained and instructed without any very tiresome feelings engendered. Singing follows each discussion, which is greatly enjoyed. At the end of each hour an intermission is given in order to enhance the social part of the meeting. A feature of the day's doings was the very large amount of questioning upon the part of the members of the institute, thus showing a happy degree of interest manifested. Altogether it is an ideal institute.

Prof. Withers opened the morning's work with a review of the previous day's discussion on psychology. The teachers were required to give the salient points of this talk. He gave this definition of education: "All right education is the process of adding correct and productive meanings to present impressions." This was elaborately and pleasingly illustrated from a psychological standpoint.

Prof. Druschell took up the topic of nature study. He exhibited some flora obtained in the vicinity of Maysville, and with a twig of osage-orange succeeded in giving a talk on the silk worm that greatly impressed the teachers. He exhibited the various changes—egg, larva, cocoon—bringing out a shower of questions upon the silk industry.

At the afternoon session Prof. Withers discussed reading, contrasting the old alphabet plan with modern methods. His discussion of primary reading, particularly of the fusion of words into sentences, was most entertainingly brought out.

Prof. Druschell followed with a talk on physiology and gave interesting experiments on digestion. He followed with an extended blackboard outline of the human body.

The meeting adjourned at 4 o'clock till 8:30 this morning.

Speaking of the death of the late Andrew Jackson Nesbitt, the Mt. He was one of the most kind-hearted men we ever knew, and it was his pleasure always to do a favor for a friend."

THE ELKS FAIR.

City Thronged With People to Witness the Opening and the Big Parade.

Maysville is dyked out in gay colors in honor of the Elks fair and the members of this popular order and citizens generally extend cordial greetings to the throng that are here to witness the big parade this morning and attend the opening this afternoon. Ideal weather marks the opening, and everything augurs well for the success of the fair.

The parade moves at 9:45 o'clock, and the active preparations being made point to one of the largest ever seen in the old town.

Kennedy's Wild West Show, billed as one of the attractions, wired Monday that it could not reach here, having been "laid out" on some railroad.

CHRISTIAN CHURCH CONVENTION.

Annual Meeting at Beasley Tuesday a Large and Enthusiastic One—New Officers—Summary of Reports.

The third annual convention of the Christian Church Co-operative Association of Mason County was held Tuesday at Beasley. It was large and enthusiastic, all the thirteen congregations in the county being represented, except one, several of them by large delegations. Beasley Church has received extensive repairs and improvements to the interior during the year, and the congregation are to be congratulated upon their beautiful place of worship. The large grove surrounding the building made the place cool and inviting, and in the delightful shade of the trees at noon the good and ever hospitable people of Beasley served a tempting and bountiful feast for the inner man.

President Kackley presided, Mr. C. L. Sallee conducted the round table discussions, and Mrs. Belle Burdette, of Germantown, conducted the C. W. B. M. session in afternoon.

The ministers present were Ben L. Smith, Secretary of the American Christian Missionary Society; Robert M. Hopkins, State Sunday School Evangelist; John S. Shouse, G. H. C. Stoney, R. M. Giddens, T. S. Buckingham, W. C. Morro, J. D. Houston, J. W. Bullock. Splendid addresses were delivered during the day by Messrs. Morro, Kackley, Hopkins, Sallee, Smith, Giddens, Houston, Buckingham, Shouse, Dr. Smoot, Miss Finch and Mrs. Abner Hord, and most excellent and instructive papers were read by Mrs. J. C. Pickett and Mrs. L. M. Mills. Interesting reports were presented by Mrs. Burdette, Mrs. Robert Osborne and Mr. Morro, as to the progress of the work in the county.

Officers were chosen for ensuing year, as follows:

President—C. L. Sallee.
Vice President—John R. Walton.
Secretary and Treasurer—Geo. H. Frank.

Reports were received from all the congregations in the association except one. Following is a summary of these reports:

Received by baptism during year.....	164
Other accessions.....	46
Number Sunday school pupils.....	911

The convention, on the recommendation of the Committee on Future Work, urged the churches of the county to keep their pulpits supplied; that neighboring churches co-operate in calling ministers, even if some sacrifice be necessary; that the county take into consideration the advisability of raising funds to enable the weaker churches to have preaching at least twice a month; that the churches extend such aid as they can to the new congregation at Murphysville; that every church strive for a forward movement in every department; that every church take at least four offerings in year—for home, foreign and State missions and church extension; that the further increase of churches in the county is not desirable, but that each of the present churches define its own field, and labor to cultivate that field; that especial attention be devoted to increasing the attendance and improving the teaching in the Sunday schools, and that each church send its annual report to Miss Ethleen Smith, of Dover, at close of fiscal year.

The next convention will likely be held at Orangeburg, the time to be fixed by the Executive Committee.

HAD TO MAKE GOOD.

Unscrupulous Tobacco Growers Caught Trying to Swindle a Tobacco Dealer by a New Scheme.

Some tobacco growers, not overly scrupulous, supposed they had discovered a neat trick to increase the weight of their crop. In tying up the hands, they put in a stone the size of a hickory nut. This in a large crop would add very materially to the weight. It was sold at a good price, and everything promised well for the scheme.

The way the tobacco weighed out, though, caused the purchaser to be suspicious, so he cast about for the reason. In examining a hand, he came across the tell-tale stone, and further examination showed that every hand "grappled" one.

The sellers winced and wriggled, but the case was too bare-faced to allow of any explanation. The buyer told them he knew a trick worth two of it, and that was to go to work at once and remove every stone from the tobacco before they ate a bite, or left the premises.

This tedious job the gentlemen accomplished in due course of time, and left the place, wiser if not better men.

JEE WHILLIKINS!

Steamboat Disabled by Wheel Striking a Monster Catfish.

Captain Mills H. Brown, of the Carrie Brown, according to the Huntington Advertiser, says that while the boat was passing Guyandotte recently the wheel struck an immense mud-cat fish. Engineer White presumed that the boat had picked up a log and Pilot Charles Warner thought a rudder had been torn off. On stopping the Brown it was found that the wheel had struck and stunned the big fish and it was floating belly up on down the river. Two men who witnessed the incident or accident from shore put out in a skiff and secured the fish and towed it to shore. The wheel of the Brown was not much damaged,

not over three or four buckets being torn off by its coming in contact with the big mudcat. Captain Brown, whose reputation for truth and veracity was never questioned, says his only regret is that he did not get a piece of the fish. The fish was weighed on a pair of platform scales, so Wharfmaster Chas. R. Small says, and tipped the beam at 155 pounds.

A CITIZEN DISCUSSES

A Vital Question—Fraught With Interest to Maysville People.

When a citizen right here at home makes a public statement like the following, all room for doubt disappears and the most skeptical must be convinced. It's pretty hard for our readers to prove a statement made by a stranger living in some far-away point of the union, but the endorsement of neighbors, friends and citizens is the best of proof; no better evidence can be had:

Mr. P. Gantley, grocer of 314 East Fourth street, says: "The prompt and thorough relief from backache given by Doan's Kidney Pills is the strongest endorsement possible. When backache is caused by the lack of proper action of the kidneys the only reason for continuing to suffer is the want of knowledge of Doan's Kidney Pills. I procured them at J. Jas. Wood & Son's drug store, West Second and Market streets."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.
